Work Experience

PRODIGY INFOTECH | Web development Intern

• The projects I worked on during this tenure encompassed a range of technologies and challenges, allowing me to develop a diverse skill set. I effectively met project deadlines, and delivered high-quality web solutions. This experience not only honed my technical proficiency but also enhanced my problem-solving and teamwork abilities. I am confident that my time at Prodigy Internship has equipped me with the skills and mindset to excel in future web development endeavors.

Projects

1.Quick Park (Android app using Flutter,Html,Css,Javascript,Firebase) -The Parking Management System is an advanced software solution designed to efficiently manage parking facilities. It offers real-time monitoring, automated ticketing, and reservation services, optimizing space utilization and improving user experience.

2.TogetherBridges(Web app using Html,Css,ReactJS) -The ReactJS web app was created to assist NGOs in enhancing their online presence and connecting with volunteers. It offered features such as webpage creation, professional landing pages, and a Dashboard for easy content management.
